## PERSONAL SUMMARY

Year 12 student looking for full-time employment/trade. I am reliable, punctual, trustworthy, work well in a team environment, able to follow directions, hard working and ready to go the extra mile when needed. I am able to follow instructions, and work well in a team environment.

---

## EXPERIENCE HIGHLIGHTS

### Workplace Qualifications

#### **National Plumbing Services**

I did 6 months of Commercial plumbing with National Plumbing Services. I was working on Industrial units hanging downpipes, laying sewer, fire and rough ins. During my time there I learnt a lot of valuable skills that gave me a head start into the trade. I decided to step back from commercial work to focus on more residential work.

#### **Certificate 1 in Construction**

During my Year 10 in 2020, I undertook a VET construction class where we learnt the fundamentals of how a job site works and runs, what hazards and dangers can be opposed on a job site as well as some tools we can use to undertake a task. This is a government run course and through this you get your Certificate 1 in Construction.

#### **Certificate 2 in Construction**

I acquired my Certificate 2 in construction after undertaking Ginninderry's award winning SPARK Training and Employment program. During this program we completed many competencies towards the Certificate 2. We learnt how to brick lay and use a trowel, read blueprints for houses, roof tiling, building roof trusses and small concreting projects. This was the first step into how a job site feels and runs, and how to overcome and resolve problems that may occur.

#### **White Card and Asbestos Card**

Have completed White Card and Asbestos Card training in March 2019 at Hawker College.

#### **Gold Creek Landscaping Service**

Canberra, ACT

##### **Position: Labourer**

GCLS has acquired the contract to majority of the front lawns in the new suburb of Ginninderry. Our job is to excavate front Lawns, lay turf, move mulch, plant plants and stone headers and steppers. My job as the labourer is to do various tasks that the homeowner of the house has

asked. One day I might be laying steppers and headers and the other, laying an oval of turf. It can vary day to day.

### Crust Pizza Cronulla

Cronulla, NSW

#### **Position: Delivery Driver Manager, Top Ups Runner (2018-2020)**

Crust Cronulla is Australia's busiest Crust franchise due to the fact that Cronulla is a very popular area in Sydney and the beach down the road attracts customers to the food chain. As I live in Canberra, I catch a bus down to Sydney on the weekends or during holidays to go down and work and get experience in a working environment and earn as well. While working at Crust Cronulla I was responsible for doing multiple roles such as Delivery Driver Manager and Top up and Runner. Skills that were required for Top Ups included always being on my A-game and making sure that all the ingredients and supplies weren't running low. If I didn't pay close attention to the toppings being ready and available it could have meant that customer's orders were delayed or an order could have been wrong. This would have had a negative effect on the reputation of our store.

As Delivery Driver Manager, I am responsible for making sure the correct pizzas and sides are all in the one box and allocated to the right driver. This role requires a lot of attention to detail as if a mistake is made it can put the shop behind schedule and delay the deliveries to customers. The most important skill I learned in this role is to keep communicating with my workmates otherwise orders will fall behind schedule and deliveries would not be on time.

#### **Team Sports, Clubs and Extracurricular Activities**

I understand the importance of being part of a team having been a member of the following teams and groups:

- School Captain
- House Captain
- Student Representative Council (multiple years)
- Various Touch Football teams
- Austag
- AFL Training Program
- Team lead as House Captain at athletics and swimming carnivals
- Trumpet at Weetangera Primary School Band Orchestra - Instrumental Music Program

WEETANGERA SCHOOL, Canberra, ACT

#### **School Captain (2016)**

I became school captain by always trying my hardest to be an outstanding student and being a role model in my behaviour and attitude. I learned the trust and respect of my peers and as a result, I was voted to represent them in a leadership position. The role of being school captain is very important because you, along with 3 other students need to work closely together to make your school environment a better place by fixing problems, coming up with new ideas, representing the interests of fellow students and helping as many people as possible. In the role of being a school leader I had many

responsibilities, these included always being aware of the needs and interests of my peers, out of school activities like visiting the Belconnen Police Station and helping raise money for a variety of charities.

---

## QUALIFICATION SUMMARY

- **Key Strengths:**

- Hard working
- Loyal and respectful team member
- Always listening to others
- Contributing to positive and productive work environments and team morale
- Always punctual
- Always well-presented and polite

- **Customer Service & Presentation:** Able to utilise strong team and social skills to ensure high-quality customer service in fast-paced retail environments. Experience managing small teams to deliver services in high pressure situations. Always well presented, courteous and respectful.
- **Communication & Interpersonal:** Great communicator with both peers and customers. Demonstrated experience in client-facing roles that have required tact and building rapport with customers. Understands when to listen management and prioritise tasks on request and by using judgment and a great team player with the ability to work well with colleagues and use management skills to motivate others when required.
- **Organisation / Computer and Technology Skills:** Outstanding time-management and organisational abilities. I have a strong interest in IT, which I am currently studying at school. This will help me to continuously develop and further my skill set in this field. At Crust, my familiarity with IT environments enabled me to be a more flexible resource, as I was able to quickly grasp new systems and assist with a diverse range of tasks. technical proficiencies include:
  - Google Docs and OneDrive applications;
  - Microsoft Office;
  - Social media platforms such as FaceBook, Instagram, Youtube and othersFor instance if you need me to upload a photo to any of your social media platforms I can do it with ease.
